

as defined in § 359.13. If the result of the composite rate calculation is a negative value, zero will be the assumed composite rate in the redemption value calculation. Redemption values are calculated using the following formula (For examples of the calculation, see Appendix A to part 359):

$$FV = PV \times \{[1 + (CR \div 2)]^{(m \div 6)}\}$$

Where:

FV (future value) = redemption value on the accrual date rounded to the nearest cent without consideration of penalty.

PV (present value) = redemption value at the beginning of the semiannual rate period calculated without consideration of penalty. For bonds that are older than five years, PV will equal the redemption value at the start of the semiannual rate period.

CR = composite rate converted to decimal form by dividing by 100.

m = number of full calendar months elapsed during the semiannual rate period.

§ 359.40 How can I find out what my definitive Series I savings bonds are worth?

(a) *Redemption values.* Redemption values are available for definitive bonds in various formats and media.

(1) You may determine the redemption value for definitive bonds on the Internet at <www.savingsbonds.gov>.

(2) You may download savings bonds calculators from the Internet at <www.savingsbonds.gov>.

(3) You may obtain paper tables from the Bureau of the Public Debt, Parkersburg, West Virginia 26106-1328. We reserve the right to cease making paper tables of redemption values available.

(b) *Redemption penalty.* Redemption values published in the tables reflect the three-month interest penalty applied to bonds redeemed prior to five years from the date of issue.

§ 359.41–359.44 [Reserved]

Subpart C—Book-Entry Series I Savings Bonds

§ 359.45 How are book-entry Series I savings bonds purchased and held?

Book-entry bonds must be purchased and held online through your New Treasury Direct account. We provide instructions for opening an account online at <http://www.publicdebt.treas.gov>.

§ 359.46 What are the denominations and prices of book-entry Series I savings bonds?

Book-entry bonds are issued in a minimum amount of \$25, with additional increments of one cent. Book-entry bonds are sold at par value.

§ 359.47 How is payment made for purchases of book-entry Series I savings bonds?

Purchases of book-entry I bonds are made through your New Treasury Direct account. We will debit your designated account at a United States depository financial institution for payment of the bonds.

§ 359.48 How are redemption payments made for my redeemed book-entry Series I savings bonds?

We will make payments electronically by direct deposit, using the ACH method, to your designated account at a United States depository financial institution.

§ 359.49 What is the issue date of a book-entry Series I savings bonds?

The issue date of a book-entry savings bonds is the first day of the month in which we receive ACH settlement for the bond.

§ 359.50 What amount of book-entry Series I savings bonds may I acquire per year?

The principal amount of book-entry bonds that you may acquire in any calendar year is limited to \$30,000.

[68 FR 24806, May 8, 2003]

§ 359.51 What book-entry Series I savings bonds are included in the computation?

(a) We include all bonds that you purchased in that calendar year.

(b) Bonds purchased as gifts or in a fiduciary capacity are not included in the computation for the purchaser.

(c) Bonds transferred or delivered from one New Treasury Direct account to another New Treasury Direct account are included in the computation for the recipient, unless you have become entitled to the transferred bonds due to the death of the registered owner.
